Full-Stack Web
Developer

CAREER OBJECTIVE

Seeking an entry-level Full-Stack Developer role to specialize in RESTful API spec design and scalable backend web architecture. Aiming to build low-latency, data-driven systems that power high-volume customer-facing applications drive long-term organizational growth within an Agile team.

EDUCATION

BE in Computer Science Engineering	May 2028
Chandigarh University, Gharuan Punjab	CGPA: 8.25 / 10.0
Senior Secondary (CBSE)	April 2024
GreenLand Senior secondary, Ludhiana Punjab	Percentage: 93.6%
Secondary (CBSE)	April 2022
GreenLand Convent School, Ludhiana Punjab	Percentage: 92.3%

PROJECTS

Real-Time Chat Application	June 2026-Present
React.js, Flask, PostgreSQL, REST API	
Role: Full-Stack Lead	
Responsibility: Designed customer-facing React components and secure RESTful API specs for real-time messaging and optimized PostgreSQL database queries through sprint testing to reduce latency.	
Library Management System	March 2026
Vanilla Stack, JSON, APIs	
Role: Frontend & Logic Developer	
Responsibility: Built system architecture from scratch using modular JavaScript and custom REST APIs, refactored code and led system testing to streamline administrative data collection and boost reliability.	

SKILLS & INTERESTS

Technical	Interpersonal	Areas of Interest
• C++, Python, Java • JavaScript, React.js, MERN stack, Sprint Testing • DevOps, Restful API specs • Git, GitHub, Linux, MongoDB	• Agile Team Player • Intellectual Curiosity & Learning • Customer-Centric Problem Solving • Precise Technical Analysis	• API Architecture & Microservices • Data Collection Systems & Analytics • UI/UX Systems & Prototyping

RESEARCH EXPERIENCE

Undergraduate Research Assistant — Image Processing	Dec 2025 – Present
Chandigarh University Supervisor: Prof. Ankit Garg	
Topological Grounding and Geometric Alignment in Forward Energy Seam Carving.	

ACHIEVEMENTS

1st Prize — IKS Ideathon (GreenLoops)
Chandigarh University | Team Terra Transit

Feb 2026

CERTIFICATIONS

Java Fundamentals (CEJAVA1IN) — IBM Developer Skills Network
Introduction to Web Development — Microsoft

Nov 2025

May 2025
